

Turcal: A division of Kruger Inc.
Montréal, Québec

Kruger Inc.'s Montréal-based sorting and recovery center operates under the name Turcal. Generating a variety of paperboard and paper which is recycled at Kruger's paperboard mill, Place Turcot, to which it is adjacent, Turcal also supplies newsprint to the Bromptonville deinking and recycling plant, as well as office waste paper to Scott Paper Limited.

The staff at Turcal includes a group of experienced representatives who promote recycling among businesses, schools, industries and office buildings in various regions of Québec. Turcal adapts its service to the different paper sources by supplying the necessary equipment for recovery, such as waste paper containers, green bins, roll-out containers and compactors. Specially-designed trucks then collect the material according to schedules established by the Recovery Department.
