

**New Westminster**

British Columbia

Manufacturing – West Region

**Certification**

2004 - Scott Paper Limited, Western Manufacturing Division undertakes the ISO 9001:2001 certification process of its quality management system.

Located in New Westminster, British Columbia, this mill serves the entire region of Western Canada from the Vancouver Island to the Lakehead region of Ontario.

The production facilities include four paper machines and 19 converting units, producing a full line of well known away-from-home and consumer products, such as Purex<sup>®</sup>, Scotties<sup>®</sup>, White Swan<sup>®</sup> and SpongeTowels<sup>®</sup>, along with customized print napkins. It is the major distribution centre for Western Canada, shipping mainly via truck.

This New Westminster mill utilizes kraft pulp and recycled fibre. In addition, it operates several hardwood tree farms which supply fibre for the groundwood mill.
